

# WE SECURE YOUR FACILITIES SO YOU CAN FOCUS ON INCREASING TENANT SATISFACTION

As a facility manager, you wear multiple hats. You are responsible for making sure your facility is properly maintained and that all amenities are secure. The last thing you should worry about is when and how to manage your access control and video surveillance.

**BEST-IN-CLASS SECURITY FOR YOUR FACILITY**

**STAY PRODUCTIVE ANYWHERE**

With Brivo Onair® you can make sure your facility, colleagues and tenants are protected.

- Manage one security system for both access control and video surveillance
- Allow tenants and approved visitors to enter your building
- Connect door events with live or recorded video
- Manage all your doors or locations from one system
- Stay secure with loss free credentials

Manage your facility remotely on your schedule, anywhere and on any device.

- Control access to specific tenant entrances, car parks or rooms
- Build custom access schedules for contractors or visitors
- Close facilities in an emergency
- Revoke access rights for lost keycards instantly
- Integrate with identity management systems

## FEATURES AND BENEFITS

**COST EFFECTIVE**

Eliminate re-keying, re-issuing cards and maintenance costs. Get free technical support when you need it.

Gain remote control of your facility with our mobile app and revoke or reinstate access instantly.

**SIMPLE TO MANAGE**

**WORRY FREE**

Get professional installation of all your equipment, plus free system setup and upgrades.

Add more facilities, doors, users or remote video surveillance at anytime.

**SCALABLE**

**TRUSTED**

Accessed by over 10 million users and thousands of companies worldwide.

**INCREASE  
TENANT  
ATTRACTION**

Mobile devices have become central to our lives and are always on hand. Give your tenants the modern convenience they need.

- Give your tenants a single credential for accessing any of your amenities; no need for different cards to access pools, gyms or premium rooms
- Remotely open doors for tenants if someone forgets their phone
- Let your tenants unlock doors using their smartphone, no more digging for fobs or keys
- Allow your tenants to remotely open doors for their visitors
- Respond to tenant access requests instantly

**SAVE  
TIME AND  
MONEY**

Brivo Onair is ideal for facility managers with limited IT support and staff and for those looking for ways to reduce costs.

- Access Brivo Onair remotely from anywhere, anytime and from any device eliminating the need to drive back and forth to different facilities
- Save money by eliminating rekeying or reissuing keycards when someone loses them
- Save time chasing down credentials from contractors or tenants at contract completion
- Eliminate extra trips to your facility for just unlocking the doors
- Avoid IT costs related to maintenance, upgrades or backups

“ The Brivo system makes my job easier and frees me up for other things. ”
