

BENEFITS OF INTEGRATING BRIVO ONAIR AND OKTA

Ensure users' physical security access rights are always up to date with our provisioning integration.

Increased productivity.

Manage users from one system and eliminate manual, redundant work.

Automatic updates.

Changes made in Okta are automatically reflected in Brivo Onair for accurate access control.

Simplified security.

Quickly identify authorized users and reliably de-provision users to remove facility access.

BRIVO ONAIR BECOMES A SEAMLESS PART OF YOUR OKTA NETWORK
